۲	<p>متن زیر را بخوانید و به سوالات پاسخ دهید.</p> <p>In many countries in different continents people know more than one language. Being familiar with different languages is absolutely important in many societies. Knowing different languages may help people to have a better future in their education and job. It also helps them to have a nicer understanding of people who live around the world. For example, Indians should know English besides their native language if they want to study at the university or have a good job.</p> <p>If someone knows just one language, he is called a monolingual and if he knows two languages he is bilingual. We also have monolingual and bilingual dictionaries. The ability to know two languages is not a physical ability but mental. There are more than one billion bilinguals around the world that their second language varies according to their needs and interests. That is why in many countries children learn a foreign language just from the elementary school. Scientists believe that a child can learn a language as quickly as possible so it's better to learn a new language when you are young.</p> <p>True/False</p> <p>35. A monolingual dictionary has words in one language. <b>True</b></p> <p>36. Being familiar with different languages is important in a few countries. <b>False</b></p> <p>37. What is the meaning of "bilingual"? <b>If someone knows two languages.</b></p> <p>38. For learning another language what kind of ability do we need? <b>Mental ability.</b></p> <p>39. Why is it important to know different languages? (Give one reason) <b>It may help people to have a better future in their education and job./ It also helps them to have a nicer understanding of people who live around the world.</b></p>	۱۰
