**Read the following passage and choose the correct answer.**

Some people think they have an answer to the problem of automobile crowding and dirty air in large cities. This answer is the bicycle. In some great cities hundreds of people ride bicycles to work every day. Some bicycle rider have formed groups of active people who try to get their city governments to help bicycle riders. They believe if more people rode bicycles, there will be fewer automobiles in the downtown section of the city and therefore less dirty air from car engines. They suggest that there should be some special lines on some main streets for bicycles only. They believe when bicycle riders use the same lines as cars, there are accident. Also, if there were special lines, more people would use bicycle. But a group of taxi drivers and some shopkeepers don't like the **idea**.

O

๑๖. According to the passage, bicycle riders believe when cars and bicycles use the same lines,.....

a. traffic will be less

b. streets are not crowded

c. there will be fewer cars

d. we have accident

๑๗. If more people ride bicycle to work, there will be.....

a. less automobile crowding
